# KEY POINTS TO COMMUNICATE

- This budget flunks the basic test of good government: It hurts our children. Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
Our children did not create this financial crisis and they should not have to
